**Cogeneration Plant Replacement Phase 1**
University of California, Santa Cruz

The University of California, Santa Cruz is soliciting qualified Project Management consultants for the Cogeneration Plant Replacement Phase 1 Project. Estimated fee for this work is $180,000.

Cogeneration Plant Replacement Phase 1: Provide project management services through the Office of Physical Planning and Construction to manage the design and construction of the cogeneration plant replacement project. Project will include the replacement of the existing cogeneration reciprocating engine and associated system equipment with a natural gas-powered combustion turbine generator; construction of a new 5,600 square feet building adjacent to the existing Central heating Plant 2 facility, and upgrades to the existing electrical system. Successful experience with managing design and construction of comparable projects under public works laws is expected. Construction Document phase is currently underway.

The University of California, Santa Cruz, is located on a campus of 2,000 acres overlooking Monterey Bay, about 85 miles south of San Francisco.

Interested firms will be required to submit statements of qualifications and a brochure demonstrating related experience, using standard forms that will be provided by the University. Every effort will be made to ensure that all persons, regardless of race, religion, sex, color, ethnicity and national origin have equal access to contracts and other business opportunities with the University. Proof of equal employment opportunity policy will be required of each candidate firm.

Submit requests for forms and further information by email **(RFQ@ucsc.edu**), fax (831-423-5517) or mail to: Congeneration Plant Replacement Phase 1, Office of Physical Planning and Construction, University of California, 1156 High Street Barn G, Contracts Office, Santa Cruz, California 95064, requesting information for this project.

Requests for forms should be received by **7th day, May 2012.** The Campus anticipates that forms for RFQ packages will be sent to requestors beginning **14th day, May, 2012.** Completed qualification packages should be received by **29th day, May 2012 t**o be considered. The University reserves the right to request, receive, and evaluate supplemental information after the above time and date at its sole determination.

Do not submit brochures or other information before receiving the University's standard forms.
