

NOTICE

NOTICE OF IMPENDING DEVELOPMENT

7 (14-1)

A Notice of Impending Development (NOID) provides notice to the public and the California Coastal Commission of UC Santa Cruz' intention to undertake a development project at its Marine Science Campus. In order for a project to be implemented, it must be contemplated by and within the parameters of the Marine Science Campus Coastal Long Range Development Plan (CLRDP). The CLRDP is available at UCSC's McHenry Library, the Santa Cruz Public Library and at: <http://lrpd.ucsc.edu>

The California Coastal Commission will review the project that is the subject of this NOID and determine if it is consistent with the CLRDP. The California Coastal Commission will provide advanced public notice of the date of the hearing.

Project Summary for NOID 7 (14-1) The proposed Project would renovate and expand the existing 20,200-sf outdoor marine mammal pool facility at the UC Santa Cruz Marine Science Campus. The Project also includes improvements to existing above-ground tanks and the installation of one new tank at the California Department of Fish and Wildlife (CDFW) facility at the Marine Science Campus, to provide temporary accommodation of the animals that would be displaced by construction.

Supporting Information, which includes more details about this project is available at: <http://ppc.ucsc.edu/cp/planning/docs> A hard copy is available for review by appointment at UC Santa Cruz Office of Physical Planning and Construction, 1156 High Street, Barn G, Santa Cruz, CA 95064
