**Project Title:** Recycling Yard

**Project Location:** UCSC Main Campus, Village Road at UCSC Farm.

**County:** Santa Cruz

**Project Description:** The Project consists of a minor amendment to the 2005 UC Santa Cruz Long Range Development Plan ("LRDP") to revise the land use designation of approximately 3.7 acres of the 6.1 acre Recycling Yard site. The Project redesignates 1.6 acres of *Protected Landscape* ("PL") and 2.1 acres of *Site Research and Support* ("SRS") to the *Campus Support* land use designation. The remaining 2.4 acres of the 6.1 acre site would be used for a new access road and storm water detention areas, which are consistent with the PL and SRS land use designations. The amendment makes no other modifications to the land use principles or designations within the LRDP. The Project also includes design approval of Phase 1 of the new facility, which includes perimeter landscaping, fencing, and open area for a working yard.

This is to advise that the University of California  Lead Agency has approved the above-described project on April 15, 2016 and has made the following determinations:

1. The project  will not have a significant effect on the environment.
2.  A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures  were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan  was adopted for this project.
5. A statement of Overriding Considerations  was not adopted for this project.
6. Findings  were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval is available to the general public at University of California, Santa Cruz.
